

# innovative panel products to make your life easier

- Save fabrication time and improve product quality
- Create freestanding curves or fix to a framework
- Panels can be laid-up flat with veneers or laminate before bending
- Excellent seam hiding qualities
- Follows intended curve without bumps or hollows
- Ready to paint and stain
- Repeatability is great and results are predictable
- Applications included Columns, Counter Fronts, Wavy Walls, Ceilings, Stage & Film Sets and Furniture

## NEATFORM<sup>®</sup> bendy mdf

- MDF grooved long cut or cross cut
- Available in 1/4" and 3/8" CARB2 Compliant MDF
- Qualifies for LEED MR Credit 7
- Depending on the application bending radius of 6" (1/4" NEAT FORM) or 8" (3/8" NEAT FORM) are typical achievable

## NEATFLEX<sup>®</sup>

- Available in 3/8" and 3/4" No Added Formaldehyde MDF
- Available in Cross Cut, with typical minimum bending radius of 12"
- Qualify for LEED MR Credit 7 and IEQ Credit 4.4

## NEATFLEX<sup>®</sup> bendy ply

- Recommended for Heavy Duty applications
- CARB2 compliant MDF faced with Poplar Plywood to provide 3/4" thick bending product with an attractive natural wood finish
- Available in Cross Cut, with typical minimum bending radius of 12"
- Qualifies for LEED MR Credit 7
